\*Ingredients from Organic Agriculture 99,8% of total.

#### **Active Ingredients**

Adansonia digitata seed oil \*, olea europaea virgin oil\*, helianthus annuus seed oil\*, hypericum perforatm extract\*, satureja montana extract\*.

#### **Indications**

Due to lipid composition similar to skin's sebum, the virgin olive oil helps the skin to find its right balance: thus ideal for dry or fatty skin. For the presence of vitamin E and other polyphenols, plays a nourishing, moisturizing and protecting action against cellular aging, fighting free radicals.

In synergy with sunflower oil, also rich in vit. E and essential fatty acids, leaves the skin smooth, supple and radiant. Provides a regenerating and elasticising effect on the cutaneous structure, mainly for the action of baobab oil - extract in total pureness - a participant in the biosynthesis of the collagen in the connective tissue. The savory (Satureja montana) gives strength to the production of new cells and it stimulates the circulation, tightening the skin structure. The protective and nutritive activity secured by the virgin olive oil beside the rivitalizing and stimulating action of hypericum oil, build a safeguarding cover against wrinkles and aging of cells.

It is available the formulation without the added delicate natural shent of flowers.

#### **How to use**

Given its high concentration of active ingredients is sufficient to apply small drops on face, eyes edgings and décolleté and gently massage untill absorbed.

#### **General Information**

The raw materials used and the manufacturing process are compliant under the Law 713-11 October 1986, as amended.

The product is not tested on animals.

Has been tested on human volunteers and was found non-irritant and non sensitizing.

No fragrances are added.

Since it is a natural product each lot may differ in color and texture, yet still preserving the special features.

#### **Chemical - Physical and Microbiological Data.**

##### Stability :

Centrifuge at 3000 R.P.M. for 30' : STABLE

Thermostat 40 ° C for 30 days : STABLE

Refrigerator 4 ° C for 30 days: STABLE

##### Microbiological control :

Total bacterial load at 30 ° C : -

Yeasts and molds at 25 ° C: -
