\*Ingredients from Organic Agriculture 99,5% of total.

#### **Active Ingredients**

Helianthus annuus seed oil\*, olea europaea virgin oil\*, adansonia digitata seed oil \*, tilia americana extract\*, malva sylvestris extract\*, chamomila recutita extract \*, rosmarinus officinalis rxtract\*, citrus aurantium oil, daucus carota oil.

#### **Indications**

The mixture of extract Linden, Mallow and Chamomile play decongestant, moisturizing, refreshing and soothing effect, while the Rosemary extract together with essential oil of Orange was highly stimulating action, reactivating the peripheral circulation of the body.

All this makes the Serum a great after-bath, giving the skin of the whole body freshness, softness and firmness and elasticity. Recommended also after sun exposure.

To regenerate skin thoroughly contribute strongly vit. A of the Carrot oil and vitamin E of the Sunflower seeds oil.

Thanks to the presence of vit. E and other polyphenols, Virgin Olive oil also plays a nourishing and protective effect against cellular aging, fighting free radicals. In synergy with baobab seed oil, extracted in total purity, participates in the biosynthesis of collagen in the connective tissue, developing a specific and effective regenerating action.

#### **How to use**

Given its high concentration of active ingredients is sufficient to apply small drops all over body slightly damp and gently massage until completely absorbed.

#### **General Information**

The raw materials used and the manufacturing process are compliant under the Law 713-11 October 1986, as amended.

The product is not tested on animals. Has been tested on human volunteers and was found non-irritant and non sensitizing. Fragrances are in accordance with I.F.R.A.

Since it is a natural product each lot may differ in color and texture, yet still preserving the special features.

#### **Chemical - Physical and Microbiological Data.**

##### Stability :

Centrifuge at 3000 R.P.M. for 30' : STABLE

Thermostat 40 ° C for 30 days : STABLE

Refrigerator 4 ° C for 30 days: STABLE

##### Microbiological control :

Total bacterial load at 30 ° C : -

Yeasts and molds at 25 ° C: -
